Maximize Your Fleet's Potential

SERVICE SOLUTIONS FOR CONTAINER REFRIGERATION AND GENSETS

MARINE SERVICE AGREEMENTS

Maximize Your Fleet's Potential

CUSTOMER CHALLENGES

Keeping your fleet running can present various challenges:

Unplanned Repair and Downtime:
Disrupting operational plans.

Administrative Burdens:
Such as handling invoices, and payments from multiple, global service locations.

Wasted Time and Resources:
To mitigate downtime.

Potential Cargo Loss:
Which could increase insurance premiums, erode trust, and harm the business.

Impact on Cash Flow:
High operational costs during certain months.

Reduced Performance:
Due to servicing by non-certified technicians or using non-genuine parts.

Disorganized Service Records:
Making it difficult to track service history.

OUR OFFERING:

Thermo King offers comprehensive Marine Service Agreements, fully customizable to meet your needs:

Evenly Spread Repair & Maintenance Budget:
Across the contract duration, eliminating unexpected service bills.

Certified Service Network
Services performed by certified Thermo King global service network.
- Thermo King products are supported by the world's most extensive service network, with over 250 factory-trained, tested, and certified dealers providing 24/7 worldwide service. This ensures equipment uptime, an unbroken cold chain, and prime condition of the load.

Genuine Thermo King Parts:
Services performed with Genuine Thermo King Parts.
- Genuine Thermo King Parts are designed by the original manufacturer and tested to meet the highest standards of performance, reliability, and safety. These parts ensure optimal performance, maximum life, and protection of valuable equipment, critical cargo, and peace of mind.

Telematics Subscription Option:
For enhanced fleet performance and condition insights.

Benefits

- **Financial Planning:**
  Stay in control with easier financial planning by avoiding significant unforeseen costs and downtime-related issues.
- **Rapid Response:**
  Receive prompt responses to unit problems, minimizing downtime and quick directions to the nearest dealer for repairs.
- **Maximized Performance:**
  Experience maximized unit performance and residual value through services performed by certified TK technicians using genuine parts.
- **Simplified Administration:**
  Gain more time for effective fleet management due to simplified administrative processes.
- **Peace of Mind:**
  Enjoy coverage for Container Refrigeration and Gensets, with flexible contracts tailored to your unit-specific needs.
- **Fleet Performance Insights:**
  Get valuable Fleet Performance Insights when you bundle with a telematics subscription.

MARINE SERVICE AGREEMENTS

Maximize Your Fleet's Potential

FINANCIAL CONTROL

Effective financial planning is vital for businesses. A comprehensive maintenance program reduces unexpected equipment costs and minimizes downtime, leading to increased efficiency and profitability

OPERATIONAL EFFICIENCY

Unexpected equipment failures disrupt operations and incur costly delays. Our agreements ensure prompt responses to unit problems, minimizing downtime. Readily available dealers and Certified Technicians using Genuine Parts facilitate quick repairs and maximize unit performance and residual value, enhancing operational efficiency.

STREAMLINED MANAGEMENT

Simplified administrative processes, a key benefit of our service plans, free up your team for core business activities. Bundling with telematics provides valuable Fleet Performance Insights, enabling data-driven decisions and optimizing fleet performance

THERMO KING

Thermo King – by Trane Technologies (NYSE: TT), a global climate innovator – is a worldwide leader in sustainable transport climate control solutions.

We engineer and provide cutting-edge technology and solutions with sustainability, reliability, and the customer experience in mind. Thermo King has provided transport temperature control solutions for various applications, including trailers, truck bodies, buses, air, shipboard containers, and railway cars since 1938.
